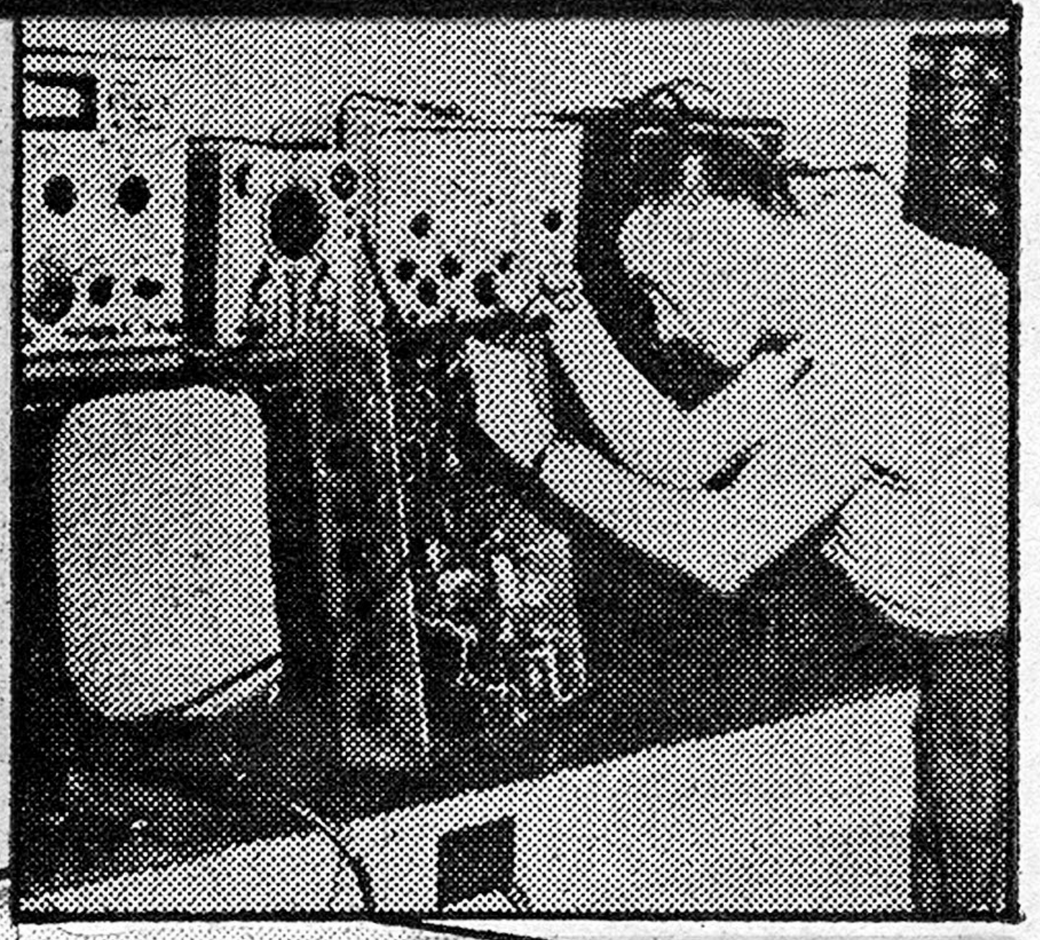
the NANDI BEAR TENANTS

You get 'Shop Training' at home when you learn Television my way!

THOUSANDS OF TECHNICIANS NEEDED NOW — BE READY FOR A TOP-PAY JOB IN MONTHS

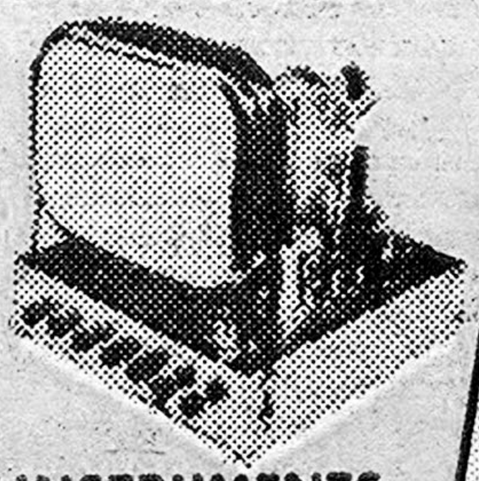
—Says R. C. Anderson, President of C.T.I.



A TRIPLE OPPORTUNITY FOR SUCCESS IN AMERICA'S FASTEST GROWING INDUSTRY

Why waste your time on a drudge job at low pay when you can learn to install and repair television sets so easily! As a technician, you can earn up to $100 a week and more — with lots of opportunity for overtime. There's a shortage of technicians with 16 million sets now in operation. Experts say that within five years, 50 million receivers will be in use. What a chance to get in on the ground floor! You can quickly get a high-pay job with a dealer; open a shop of your own; or earn plenty of spare-time profits. C.T.I. trains you in months for success — at home in spare time.

YOU BUILD and KEEP A 16-INCH TELEVISION SET



In addition to over 100 well-illustrated, step-by-step lessons, C.T.I. sends you tools, parts and tubes for building a top-quality television receiver. You get valuable experience, and you keep the set to use and enjoy. Note that you learn TV—not just radio!

YOU GET 20 BIG KITS-BUILD TEST INSTRUMENTS

Besides assembling the television set, you also build your power supply unit; a fixed frequency generator; a grading bar generator (which creates a signal and makes testing possible even in remote areas). You build many circuits—get sound, comprehensive training applicable to any set, any make. You get special instruction with each kit.

YOUR TRAINING IS KEPT UP-TO-DATE for 5 YEARS

Instruction material for 5 years is sent on any new developments—whether it may be color pictures, 3rd dimension or wall projection. This feature protects your tuition investment!

INDUSTRIAL ELECTRONICS NEEDS 70,000

Within three years, it is estimated that over 130,000 technicians will be required to install and maintain home TV receivers. But there are big opportunities in industrial electronics, too! A leading trade magazine recently stated that the electronics industry could use possibly 70,000 well-trained technicians right now. Your C.T.I. training prepares you for many good jobs in this field, as well as for positions in communications.

VALUABLE BOOKLET FREE!

We have prepared a valuable booklet entitled, "You Can Succeed in Television." It is jam-packed with facts. It describes your opportunities in television, and it tells how you can prepare for a well-paid position or a business of your own. Discover how easily you can learn television at home through C.T.I.'s famous shop-proved method . . . in months! Get the facts from the school that has graduated over 30,000 ambitious men! Mail coupon!

PROOF! From students and graduates

"I have a very nice business in radio and television. I also sell television sets and gross $6,000 a month."—A. J. Perri, Mich. "Since graduating, I have been repairing TV sets. I have more business than I can keep up with."—John Marshall, Ill. "I now have my own service shop. There are two of us and we keep busy all the time."—Vernon Rikli, Wis. "My income has increased 34%; my equipment has increased 300% in the last three months; and I can diagnose 75% of all TV defects at a glance. You made everything possible."—Frank Delia, Ill. "My C.T.I. training was good enough to promote me to the managership of a TV and radio shop."—R. C. Miller, Wash. "I now own and operate my own shop."—Clifford Griffith, Ind.

BLAISE KOLODYCHUK PRESENTS

THE NANDI BEAR TENANTS

Stensor and Naiad are deep underground in the basement of the Nandi Bear Mansion...

Why did you want me to come down to the basement of the mansion with you?

I wanted to show you something. Do you remember a while ago I burst into the mansion and I told you all that I had accidentally brought Super Punk back to life?

Yeah, then you just kind of ran off babbling about magicians. You never mentioned it again.

Yeah, but what happened next was I came down here.

Why?

I came down here, used some spells I learned from an ancient magician I met on Pluto and Captured Super Punk inside an interdimensional psychic cage.

Wait, are you telling me that Super Punk has been in our basement this whole time?!

Well yes, but we have been safe. No one can escape a Psychic cage. He's right behind this door.

Stensor, you know about the horrible things he has done to me, I'm not sure I want to see him...

It will be okay.

Unfortunately, it is very far from okay...

Stensor, what's going on...

This is impossible!

Why? Because a magician on Pluto said so?! This isn't okay.

There's a note..

Dear Stensor,
Thank you so much for bringing Super Punk back from the dead.
I have now brought him home.
Love
Floyd
The Illusionist

Is that the Floyd everyone is always talking about?

Everything was okay, and I was finally safe, then you just had to bring that psychopath back to life, didn't you?! You know what Stensor? Now we're all doomed. Thank you very much!

Brought him home? What does it mean?

Far, far away, in the last place you would ever suspect to find them...

Super Punk and Floyd the Illusionist sit and plot in an old caravan...

Thank you so much for helping me escape my prison, Floyd. Fantastic work.

Thanks Boss.

I foresee a beautiful friendship.

So what's next for us boss?

First we will find Naiad Bear, and then we destroy the Nandi Bear Tenants!

TO BE CONTINUED!

Here is a special look at the origins of the Nandi Bear Tenants Originally released in 2013, this sketchbook style comic wasnt really meant for any sort of release, but it did group together some of our favourite heroes before they became what we know now as THE NANDI BEAR TENANTS
